# Standard #6 - Organizational Performance Results, Table 6.1

Complete the following table. Provide three or four examples, reporting what you consider to be the most important data. It is not necessary to provide results for every process.

Table 6.1 Standard 6 - Organizational Performance Results

Organizational Effectiveness Results	Organizational effectiveness results examine attainment of organizational goals. Each business unit must have a systematic reporting mechanism for each business program that charts enrollment patterns, student retention, student academic success, and other characteristics reflecting students' performance. Key indicators may include: graduation rates, enrollment, improvement in safety, hiring equity, increased use of web-based technologies, use of facilities by community organizations, contributions to the community, or partnerships, retention rates by program, and what you report to governing boards and administrative units.			

|		Analysis of Results			
Performance Measure **Measurable goal** **What is your goal?**	**What is your measurement instrument or process?** **(Indicate length of cycle)**	**Current Results** **What are your current results?**	**Analysis of Results** **What did you learn from the results?**	**Action Taken or Improvement made** **What did you improve or what is your next step?**	**Insert Graphs or Tables of Resulting Trends (3-5 data points preferred)**
Number of students enrolled vs previous year will be at least 20% or more in undergraduate programs.	Yearly count of enrolled students in BBA programs	The number of enrolled BBA student has been improving during the last years. Nevertheless, it is still bellow our expectations.	We need to continue developping awareness within high schools for sustainability programs	We will continue raising awareness in worldwide high schools to increase this growth in the next two years.	
Number of students enrolled in the Master of Arts in Management programs vs previous academic terms will be at least 20% or more.	Yearly count of enrolled students in MAM programs	We can observe an high improvement in the number of enrollment in 2021.	This improvement is due to an higher interest for online programs during COVID. The new offered majors also contributed to this growth.	We increased and will continue increasing communications for online programs.	
Our Online MBA program has four entry dates each year. We aim to keep a steady increase in the number of students enrolled considering the number of graduating students in each terms.	Yearly count of enrolled students in Online programs	We can observe an high improvement in the number of enrollment in 2021.	This improvement is due to an higher interest for online programs during COVID.	We increased and will continue increasing communications for online programs.

Number of students enrolled vs previous year will be at least 20% or more in Sustainable Fashion Management Major	Yearly count of enrolled students in this major	This new major had a good amount of students even for its first year. It grew the next year but we expect an high evolution in the next two years.	The new Major in Sustainable Fashion Management had a quite high number of students during its first year. The program growth was slow in the next year but still positive.	We expect the number of student in this program to grow from 40% in the next 2 years thanks to more communication and new partnership with Fashion companies.

Number of students enrolled vs previous year will be at least 20% or more in Sustainable Hospitality Management Major	Yearly count of enrolled students in this major	This new major	This major is the only one whose growth has been negative in 2021. This could explained by the increased number of students selecting Susainable Tourism Management.	We will keep comminicating on the program to get a positive growth during the next two years.

Number of students enrolled vs previous year will be at least 20% or more in Sustainable Tourism Management Major	Yearly count of enrolled students in this major		The growth of this program has been increasing in the last 2 years.	We expect this growth to keep the same pace or increase for the next 2 years.
